PROFILE SUMMARY

React Developer with experience in building responsive web apps using React, Firebase, and Tailwind CSS. Currently upskilling in Node.js, MongoDB, and Express. Also brings 4+ years of stock trading experience with market analysis skills. Open to MERN stack and fintech roles.

SKILLS

React.js · JavaScript (ES6+) · Tailwind CSS · Material UI · HTML5 · CSS · Node.js · Express.js · MongoDB · Firebase

PROFESSIONAL EXPERIENCE

Freelance, React Developer Jan 2024 – present

- Built a billing and invoicing system using React, Firebase, and Tailwind CSS.
- Developed product forms with dynamic tax calculations and price logic.
- Stored and managed invoice/customer/product data with Firebase Firestore.

Dynamic Liquids, React Developer Feb 2023 – Mar 2024

- Developed and maintained dynamic, responsive React-based applications.
- Used Material UI and Tailwind CSS to deliver polished and mobile-friendly UIs.
- Integrated Firebase real-time database and cloud storage features.

Discretionary Trader, Stock Market Analyst 2018 – 2023

- Traded in equity and F&O markets using strategies like ORB and price action.
- Analyzed market structure, volume data, and option chains.
- Developed discipline, pattern recognition, and real-time decision-making skills.
- Gained deep understanding of market sentiment, volatility, and trend dynamics.

CERTIFICATES

React Basics – Coursera

Completed foundational training in React.js, including components, props, state, and hooks.

PROJECTS

Sticky Notes App – MERN, <https://sticknotes-frontend.onrender.com>

- Developed a full-stack sticky notes application using **MongoDB, Express.js, React.js, and Node.js**
- Used the native **Fetch API** to connect frontend and backend for data handling
- Implemented note creation, editing, and deletion features with basic API routes
- Designed a user-friendly and responsive interface using **Material UI** and **Tailwind CSS**
- Handled state management using **React Hooks** like `useState` and `useEffect`
- Deployed frontend and backend separately on **Render**
